

TIGER TALES

St. Joseph School providing Catholic Education for more than 125 years

Written by a tale-telling teacher

It's official - Yoakum BASEBALL had opening ceremonies Saturday... which basically translates into "Spring Fever," or "Senioritis." Everyone... and I do mean EVERYONE has to put in a little more effort at school to keep the academic focus on track! Teachers become more creative with engaging, hands-on projects (they may also become more dependent on chocolate and coffee), to keep students awake after late-night games and practices. All of those spring-time activities sneak up and just like that it's over and we are starting the new school year! Speaking of new school year...

OPEN REGISTRATION is happening NOW! This week - PreK 3 & PreK 4 - stop by the SJS office anytime to register for the 2017-2018 School Year!!! THIS Friday, March 31, is the last day for PreK 3 & 4 and New Registration with a fee break.

Also happening this week - AIM, Part 2! Students participating in Ready Writing and Creative Writing events are competing this week on the SJS campus. Good luck to all of our students!

And we invite ALL to participate in Stations of the Cross Friday at 3 pm and we pray that you all are successful as you continue on your lenten journeys!

God's Blessings on a great week for all of our readers!
