

TIGER TALES

St. Joseph School providing Catholic Education for 125 years
Written by a tale-telling teacher

Thursday and Friday we wrapped up our Catholic School's Week celebration! Thursday we focused on Vocations. Students dressed up for career day or wore their favorite college shirt - needless to say, we have lots of vets, farmers, doctors, teachers and maybe even a priest or two graduating from Texas A&M over the next 15 years!!! Father Jacob Koether visited all of the students to share his own discernment story, hopefully sparking a few lights in our students to consider a Religious order. The students and faculty also gifted our two pastors, deacon and principal with thank you's to each of their dedication to the formation of our school. Friday was Faculty Appreciation! All of the faculty were showered with appreciation gifts. The 8th graders took over the classrooms as the teachers, while the faculty sat back and enjoyed the always-enlightening experience when 8th graders finally realize just how EASY being a teacher can be! The teacher's lounge was full of excitement and discussion over lunch, when the teachers and 8th graders ate a delicious meal together, prepared by 8th grade parents! It was a fantastic time and on behalf of all the faculty at SJS, THANK YOU, 8th grade and parents! It was a great day to be a teacher!

Coming up this week, we have Basketball games here at the SJS gym on Thursday and Valentine's Day will be celebrated next Tuesday, February 14.

We want to extend a special invitation to anyone in our community considering Catholic Education. Please call to set up an appointment to visit our campus and ask questions.

And finally, SJS PTC Gala tickets are on sale NOW!!! Only 300 Tickets will be sold so purchase your tickets ASAP! If you need a Gala Sponsorship form or are interested in donating to the live or silent auctions, please contact the school office @ 361-293-9000. We hope you join us for a "Night Under the Bigtop!"

Have a great week! God's Blessings!
